

HOW TO MAKE YOUR LANGUAGE LEARNING EXPERIENCES ENJOYABLE AND SUCCESSFUL

The essence for best experience:

YOUR ACTIVE PARTICIPATION!

Shhhh...

Find a quiet place with stable internet connection where you are free from distractions. Headset with microphone will help you concentrate and cut down background noise.

Logon to Zoom a few minutes earlier than event time to ensure you have sufficient time to respond to any potential technical issues.

Language learning is most effective when you exchange ideas with others. You will benefit most in the events when you engage fully and converse with others in discussions.

Tech tips:

- Use a computer/notebook equipped with a webcam and microphone for your active participation and enjoy using all features with Zoom.
- For details on specifications and hardware models recommended, refer to Zoom website:
<https://support.zoom.us/hc/en-us/articles/201362023>
- Have problem accessing Zoom? Visit ITSC help page:
